

Approval of Revisions to Regents' Policy 10.02.040

CURRENT LANGUAGE WITH TRACK CHANGES for PROPOSED LANGUAGE CHANGES

P10.02.040. Academic Unit Establishment, Major Revision, and Elimination.

- A. Academic units are created within the university for the purposes of instruction, research, advanced study, **outreach**, or economic development. All such units, at any level of the university structure, must provide for the effective management and productivity of their activities. Degree and Certificate programs approved by the board or president in accordance with P10.04.020 may be offered only within accredited units.

- B. Campuses, schools, colleges, and designated research institutes and academic units with systemwide responsibilities may not be created or eliminated without board approval. Academic units at lower levels, **if they employ or are intended to employ tenured or tenure track faculty, or if they deliver or are intended to deliver certificate or degree programs, such as part of a college, school, or research institute, or centers,** may be created or eliminated by the president at the request of a chancellor with notification to the board.

with notification to the board, or at the discretion of the president, by the board. The president will determine when a revision to an academic unit is sufficiently major to require approval by the board. Elimination or major revision of a unit at any level, if the unit employs tenured or tenure track faculty or delivers degree or certificate programs, will require a program review as specified in P10.06.010 and university regulation. [The existing policy is too cumbersome; research units, in particular, have been created and eliminated mainly due to federal funding decisions.]

- C. Faculty from more than one MAU may be affiliated with a unit, following agreement between the appropriate chancellors and the president as appropriate, as to the type of affiliation, accreditation requirements, and other contractual obligations.
- D. Approval of the board is required to create units as specified in this section and to eliminate or significantly modify the following University units:
