A. Definitions Applicable to Academic Disputes

1. Academic Decision Review Committee

2. Academic Leader

The term "academic leader" is used to denote the administrative head of the academic unit offering the course or program from which the academic decision or action arose.

granted, in writing, by the dean/director of the academic unit offering the course or other officials that may be identified in MAU rules and procedures.

MAU rules and procedures will also outline alternative officials for those instances where the academic leader or the dean/director is the person who made the academic decision under review.

1. Informal Procedures

- a. Where possible, students will be expected to first request an informal resolution of the final grade assignment with the course instructor or academic leader. The process must be initiated by the 15th class day of the next regular semester of the MAU offering the course. The instructor or academic leader must respond to the request within 5 class days of receipt.
- b. If a student receives a final grade, the instructor must promptly initiate the process in accordance with MAU rules and procedures. If concerns remain unresolved, the student may, in accordance with MAU rules and procedures, notify the academic leader of the academic unit responsible for the course. Within 5 class days of such notification, the academic leader must either effect resolution of the issue with the instructor or inform the student of the process for formally appealing the final grade assignment.
- c. If the course instructor is no longer an employee of the university or is otherwise unavailable, the student must notify the academic leader by

student and the course instructor must be notified of the time and place the request will be considered and of the process to be followed.

- (1) If on initial review the academic decision review committee determines that the facts as presented would not constitute arbitrary or capricious grading or a grading error, the academic decision review committee will dismiss the case without a formal hearing. This decision will constitute the final decision of the university. The committee's decision will be provided in writing to the student, the course instructor, and the dean/director of the academic unit offering the course.
 - (2) If the academic decision review committee determines that the facts as presented might constitute arbitrary or capricious grading or a grading error, the academic decision review committee will, in accordance with MAU rules and procedures, proceed to a formal hearing. The committee will consider information provided by the student, the instructor if available, and others as it sees fit.
- c. The academic decision review committee proceedings will result in the preparation of written findings and conclusions. Conclusions will result in one of the following:
- (1) The request for a grade change is denied.
 - (2) The request for a grade change is upheld; the review committee requests the course instructor to change the grade; and the course instructor changes the grade in accordance with MAU rules and procedures.
 - (3) The request for a grade change is upheld; the course instructor is either unavailable to change the grade or refuses to, and the review committee directs the dean/director to initiate the process specified by MAU rules and procedures to change the grade to that specified by the review committee.
- d. The decision of the academic decision review committee constitutes the final decision of the university, and will be provided in writing to the student, the course instructor, and the dean/director.
