Priscilla – Community campuses having a meeting next week – making it clear what the value added is of the community campuses. Dropping enrollment – people think that UA lost its accreditation.

Saichi – Student Services Council – did not meet in November. Will meet in January. Student Success Convening – March – will meet again today. Will get out a Save-the-Date message today. Will expand the distance delivery of the convening. Last year the venue was maxed out and had to stream the speakers to an additional room. Will plan to have more interactivity with breakout rooms. Will also provide distance access. Paul – There is a need for more faculty
