## Approval Flow

Documents the approval routing and user assigned to the approval step on a submitted Report. The Approval Flow and Report Summary also indicate the status of a Report. This information helps inform the user when troubleshooting.

Concur is programmed to apply most regulatory approval requirements to the Report. (R05.02.060(15)(b) )

1. Expenditure authority approval if over 10% and \$200 of the Request estimate
2. Expenditure authority approval if the funding source changes from the Request
